8439-1 ☞ **Mulier**, *is a word vsed in the Common Law, but how aptly as the* Author of the new termes of Law *saith, he could not tell. For according to the proper signification*, Mulier *is a defiled woman, as* Vlpian *saith, or rather* a woman that hath had the company of a man, &c. *but in our Common Law it is otherwise taken for one that is* lawfully begotten and borne, *and is alwaies vsed* in comparison with a bastard, *only to shew a difference betweene them.* As for example: *A man hath a* sonne of a woman before mariage, *and that is called* a bastard, and vnlawfull: *and after he marieth the mother of the bastard*, and they haue another sonne, *this second sonne is called* Mulier, *that is to say, lawfull*, and he shall be heire vnto his father: *but that other cannot be heire to any man, because it is not knowne nor certaine* in the iudgement of the Law, *who was his father, and for that cause is said to be* no mans sonne, *or* * the sonne of the people, *and so without father according to these old verses:*

Mulier *quid.*

* The sonne of the people.

To whom *the people* father is, *to him* is father none at all:
To whom the people *father is*, well fatherlesse we may him call.

And alwaies you shall finde this addition to them, Bastard eldest, *and* Mulier yoongest, *when they be compared together.* Why hee should bee called *Mulier*, it may be that *the Latine word* Mulier, *which is generall for a woman, &c.* vt suprà, *hath beene restrained and applied as the Spanish* Mugér, *the Italian* Móglie, *comming of the Latine* Mulier, *and the French* Femme *comming of the Latine* Fœmina, *which three words in those three tongues are only vsed for* a wife, *as in Spanish* Mi Mugér, *in Italian* Mia Móglie, *in French* Ma femme, *i. in Latine* Mea vxor, *my wife, and not* mea mulier, mea fœmina, *my woman: so this word in the Common Law* Mulier or lawfull begotten, *by* Synecdoche, *signifies*, this is the wife or my wiues, *when as the other*, viz: the bastard, *was the* fœmina, or my womans or my wenches childe, *i. a bastard borne out of wedlocke or lawfull mariage.*

9581-2 ☞ **Premunire**, *is taken either for a writ, or for the offence whereupon the writ is granted. It is therefore to be noted*, that the Church of Rome hauing heretofore supremacie and the dignitie of S. *Peters* chaire, heere in England, *so that* Benefices, Bishoprickes, Abbacies *or such like Ecclesiasticall liuings, were at the* disposing of the Pope. *In so much as for the most part, he graunted out* Mandates of Ecclesiasticall liuings, *to certaine persons by his* Bulles, *as hauing care to haue the Church prouided of a* Successour against it needed. *Where it grew*, that these kinde of Bulles *were called* (* Gratiæ expectatiuæ, *or* Prouisiones) *whereof we may reade of a learned Discourse in* * Duarenus, *a great Ciuill Lawyer, in his Tract* De Benefic: lib. 3. cap. 1. *and in his Tract*, De Immunitate Ecclesiæ Gallicanæ. *These prouisions* * King Edward the third not digesting, *made a statute in the three and twentieth yeare of his raigne*, ¶ Stat: 5. cap. 22. *and another*, ¶ Stat: 6. eiusdem anni, cap. 1. *and a third*, ¶ An. 27. *against those that* drew the Kings people out of the Realme, *to answere of things belonging* to the Kings Court: *and another* ¶ An. 28. Stat. 2. cap. 1. 2. 3. and 4. *to the like effect*: whereby he greatly restrained this libertie of the Pope. *Yet such was the perseuerance that grew out of his power, and the* patience of Princes in those daies, that he still prosecuted *the continuance of the* prouisions: *in so much also as* * King Richard the second *made likewise a statute against them in the* twelfth yeare of his raigne, cap. 15. *and the* ¶ 13. yeare, Stat. 2. cap. 2. *making mention of the said* first Statute of King Edward the third, *ratifying the same, and appointing the punishment of those, that offended against it*, * to perpetuall Banishment, forfeiture of their lands, and tenemens, goods, and cattels, *as by the same doth more at large appeare. And againe in the* sixteenth yeare of his raigne, cap. 5. *he expresseth the offence more particularly, and setteth the same punishment to it*, that he ordained in the last former Statute, *for there toward the end he hath these words*: If any purchase or pursue, or doe to be purchased or pursued in the Court of Rome, or elsewhere, *any such translations, processes, and sentences of excommunication, Bulles, instruments, or any other things, &c.* After him Henrie the fourth *in like manner*, the second yeare of his raigne, cap. 3. and 4. *addeth certaine new cases, and layeth vpon the offenders in them, the same censure, whereunto for shortnesse sake, I referre you: to which likewise you may adde the* Statute, An. 9. eiusd. cap. 1. and An. 7. cap. 9. and 8. and An. 9. eiusd. cap. 8. and An. 3. H. 5. cap. 4. *Of this you may reade* * Sir thomas Smith, De Repub: Angl. lib. 3. cap. 9. *in these words*, Whosoeuer sueth for any thing to Rome, *or in any* spirituall Court, *for that Cause or Action, which may be pleaded in the temporall Court of the Realme*, by an ould law of England, *he falleth into a* Premunire, *that is, forfeiteth all his goods to the* Prince, *and his body to remaine in* prison, *during the* Princes *pleasure, and not that onely, but the* Iudge, *the* Scribe, *the* Procurer, *and the* Assessor, *or* Abettor, *which receiueth or maintaineth that vsurped pleading, doth incurre the same danger*, ¶ Sir Thomas Smith, eodem loco, *vt supra.* Some later Statutes *doe cast this punishment vpon other offenders: as namely*, the Statute, An. 1. Elizab: cap. 1. *vpon him that* denieth the Kings Supremacie the second time, &c. *and the* Statute, An. 13. Elizab: cap. 2. *vpon him that affirmeth the* authoritie of the Pope: *or that refuseth to take the* Oath of Supremacie: *and the* Statute, ¶ An. 13. Elizab: cap. 1. *such as be seditious talkers of the inheritance of the* Crowne, *or affirme the* Kings Maiestie to be an Heretike. *And the word is applied most commonly to the* punishment *first ordained by the* Statutes *before mentioned, for such as transgressed them. Now touching the* * Etymologie *of this word* (Præmunire) *thus affirmeth* Sir Thomas Smith, *that it is so called of* Præmuniting *and fortifying, and strengthening the* Crowne *by the former* Statutes, *against the vsurpation of forren and vnnaturall power: which of in on may receiue some ground from the* Statute, ¶ An. 25. Ed: 3. Stat: 6. cap. 1. *or to grow from the verbe* Præmonere, *that is, to forewarne, as it were a forewarning to any, lest hee fall by such attempt into a* Præmunire, *being barbarously turned for* Præmonere, *which corruption is taken from the rude* Interpreters *of the* Ciuil *and* Canon Lawes, *who indeed doe vse the effect* (Præmunire) *many times for efficient cause* (Præmonere) *according to our prouerbe*: He that is well warned, is halfe armed. *And of this I gather reason from the forme of the writ, which is thus conceiued in the* Old Nat: Br: fol. 143. Præmunire facias prædictum Præpositum, & *I. R.* Procuratorem, *&c.* quod tunc sint coram nobis, &c. *For these words can be referred to none, but parties charged with the offence.*

c ☞ **Recouerie,** Recuperatio. *It ſignifieth in our* Common Law an obtaining of any thing by iudgement or triall of Law: *as* * Euictio *doth among the* Ciuilians. *But you muſt vnderſtand, that there is a* true recouerie, *and a* fained. A true recouerie, *is* an actuall or reall recouerie of any thing, or the value thereof, by Iudgement: *As if a man ſued for any land, or other thing moueable or immoueable, and haue a verdict, and Iudgement for him.* * A fained recouerie *is (as the* Ciuilians *call it)* quædam fictio Iuris, *a certaine forme or courſe ſet downe by Law, to be obſerued* for the better aſſuring of lands or tenements to vs. *And for the better vnderſtanding of this, reade* ¶ Weſt: part: 2. ſymb: tit: Recoueries, ſect: 1. *who ſaith, that* the end and effect of a recouerie, *is to diſcontinue and deſtroy* Eſtates, Tailes, Remainders, *and* Reuerſions, *and* to barre the former owners thereof. *And in this* formalitie *there be required* three parties: *viz: the* Demaundant, *the* Tenent, *and the* Vowchee. *The* Demaundant *is he* that bringeth the Writ of Entrie, *and may be termed* the Recouerer. *The* Tenent *is hee,* againſt whom the Writ is brought, *and may be termed* the Recoueree. *The* Vowchee *is he,* whom the Tenent vowcheth or calleth to warrantie, for the land in demaund, ¶ *Weſt:* vbi ſupra. *In whom you may reade more touching this matter. But for example to explaine this point:* A man that is deſirous to cut off an eſtate taile in lands or tenements, *to the end,* to ſell, giue, or bequeath it, *as himſelfe ſeeth good,* vſeth his friend *to bring a Writ vpon him for this land.* He appearing to the Writ, *ſaith for himſelfe,* that the land in queſtion came to him or his anceſtors from ſuch a man or his anceſtor, *who in the conueiance thereof bound himſelfe and his heires to make good the title to him or to them to whom it was conueied. And ſo he is allowed by the Court to call in* this third man, *to ſay what he can for the iuſtifying of his right to this land, before he ſo conueied it.* The third man commeth not: *whereupon* the land is recouered by him that brought the Writ, *and the tenent of the land is left for his remedie to the* third man, *that was called,* and came not in to defend the tenent. *And by this meanes* the entaile *which was made by the tenent or his anceſtor,* is cut off by iudgement heereupon giuen: *for that he is pretended to haue* no power to entaile that land, whereunto he had no iuſt title, *as now it appeareth:* becauſe it is euicted or recouered from him. *This kinde of* recouerie, *is by good opinion, but a* ſnare *to deceiue the people,* ¶ Doct. & Stud: ca. 32. dial. 1. fol. 56. a. *This* fained recouerie *is alſo called* a common recouerie: *and the reaſon of that* epitheton *is, becauſe it is* a beaten and common path to that end, for which it is ordained, *viz:* to cut off the eſtates aboue ſpecified. * Euictio iectorum. * A fained Recouerie.

10394-2 ☞ **Route** (Routa) is a French word signifying a company or flocke: as (vne grande route de gents, ou de cerfs, i. grex hominum, longa ceruorum series.) It signifieth in our Common Law, an assembly of three persons or more, going on about forcibly to commit an vnlawfull act, but yet doe it not. Westm. part. 2. symb. tit. Indictments, sect. 65. o. Lamb. thus saith of it. A Route is the same, which the Germans yet call Rot, meaning a band or great company of men gathered together, and going about to execute, or executing indeed, any ryot or vnlawfull act. And saith more, that it is said properly of the multitude that assembleth themselues in such disorderly sort, for their common quarels. As if the inhabitants of a towneship doe assemble to pull downe a hedge or pale, to haue their common, where they ought to haue none: or to beate a man, that hath done them some publike offence, or disp'easure. But the Statute of 18. Ed. 3. stat. 1. cap. vnico, which giueth processe of outlawrie against such as bring Routes into the presence of the Iustice, or in affray of the people, and in the statute of 2. Rich. 2. cap. 6. that speaketh of riding in great routes, to make entrie into lands, and to beate others, and to take their wiues, &c. doe seeme to vnderstand it more largely. And it is a Route, whether they put their purpose in execution or no: if so be, that they doe goe, ride, or moue forward their meeting. ¶ Brooke, tit. Riot. 4. & 5. So (as it seemeth) a Route should be a speciall kinde of vnlawfull assembly: and a riot the disorderly fact committed generally by any vnlawfull assemble: the one, that three persons, at the least be gathered together, for so it is commonly taken at this day, as I haue learned: the other, that they being together, doe breed disturbance of the peace, either by signification of speech, shew of armour, turbulent gesture, or actuall and expresse violence: so that either the peaceable sort of men be vnquieted, and feared by the fact, or the lighter sort and busie bodies emboldened by the example. Thus farre Lamb. in his Eirenar. lib. 2. cap. 5. &c. Where you may reade more worth the noting, though too long to be copied out. See **Riot**, and vnlawfull assembly. ¶ Kitchin giueth the same definition of a Route, fol. 20.
